Wall, Window and Floor Graphic Appliques Can Revitalize Your Space!

Why Implement Wall Applications

Your marketing dollars work harder when you take the brand message from your advertising and drive it home at the point of sale. You're in-club communications should reinforce your brand position and strengthen your brand promise. Taylor - Visual Group Wall Applications help you create emotional connections that build your brand and establish trusting member relationships. They enhance your environment and provide visual cues that help drive buying decisions.

These products are made with durable vinyls specifically produced to create large tiled graphic murals. Once installed by our professional teams they look seamless. Special adhesives allow for positioning while installing. Once installed our products can be permanent (5yr), semi-permanent (2yr), or promotional (6mo), depending on your requirements.

Life Fitness Graphics

Life Fitness custom photography combined with our high-resolution printing capabilities will insure that these graphics will explode off your walls, floors, or windows.

On Line Access

Taylor Visual Group and Life Fitness have partnered to offer you this catalog of photos on the internet. Choose your imagery, crop graphics to your locations specifications, and place orders, all online.
